Dear Patients,

I hope this letter finds you happy and healthy. I am writing to inform you of an upcoming change in your healthcare at Children's Health Services, PA

Please disregard this letter if you are not a regular patient of mine. Your care at CHS will not change.

Beginning October 7, I will transition my role from Children's Health Services, PA to Down East Diabetology so I will no longer be available to provide ongoing care as your primary care physician.

It is very important to me as well as Children's Health Service that you maintain continuous healthcare. Though I am sad to say goodbye to you, I have complete trust and confidence that my colleagues will continue to provide you with outstanding care.

I am grateful to you for entrusting me with your child's health over the years. Thank you for allowing me to be your pediatrician.

Sincerely,

Carrie Waller, MD
Children's Health Services, PA
